WAR MAY LAST FOR YEARS, SAYS SECRETARY LANE

Urges All Resource of the Country Be Used to Bring Success.

WASHINGTON, May 3.—Secretary Lane declared he believed the war would last several years and that every resource of the country must be brought into place to bring it to a successful conclusion.

"Many persons thought," said Mr. Lane, "that all we had to do was to issue bonds and that Germany would bow her head in submission. Nothing could be further from the truth. We do not know when this war will end. It may not be a one-year war. Personally I believe it will last several years. Herbert C. Hoover has informed this government that Germany has food enough to last two years, perhaps longer.

"Germany has put up the greatest fight of history and she has the advantage of now fighting a defensive war."

LONDON, May 3.—The American steamer Rockingham has been sunk by a German submarine. Thirteen men are missing.

Two boats containing thirty-three men were picked up Tuesday, one by a patrol boat. One boat containing thirteen men is missing.

The Rockingham carried forty-nine men, including many Americans. The crew numbered thirty-six and the naval contingent consisted of a lieutenant and twelve men. The value of the ship and her general cargo was \$3,250,000. The vessel was due in Liverpool, Wednesday.

WASHINGTON, May 3.—The United States stands ready to send an army to Europe whenever the Allies deem it wise to divert the necessary shipping from transporting food to transporting men.

It became known definitely that the government has offered that the alarming shortage of world shipping may make it impractical to send them at once. In spite of objections of the general staff to putting any American forces on the firing line before the great army has been raised and trained, the administration has determined that the small contingent earnestly desired by France for moral effect shall be sent as soon as possible.

LONDON, May 3.—Rear Admiral William S. Sims, U. S. N., president of the Naval War College at Newport, is a guest at Windsor Castle, according to the court circular. Admiral Sims is engaged with the British Naval authorities in working out problems involved by the participation of the United States in the war.

NEW YORK, May 3.—Aimaro Sato, the Japanese ambassador, speaking here at a dinner of the Economic Club, declared that "real Americanism has turned the balance" in the world conflict and that the war will not end "until universal peace has been assured to mankind." He predicted that within a few weeks China would join the Allies.

Other speakers at the dinner included Charles E. Hughes, James W. Gerard and Sir Ernest Shackleton, the explorer.

CARACAS, VENEZUELA, May 3.—The confiscation, by the Government, of a wireless outfit found in the trunk of a German who recently arrived at Puerto Cabello, is a fresh illustration that the great activity among German agents and residents in Venezuela. Germans form an important part of the population of the republic, and have lately been using all their influence to induce Venezuela to maintain its neutrality in the world war.

TWO HORSES BREAK LEGS.

In the first race at the Lexington track Tuesday, in which Irregular staged his sensational run, the three-year-old bay gelding, George Doyle, by Transval-Mattie Glenn, owned and raced by J. H. Nichols & Bro., of Paris, fell and broke his leg. The animal was killed.

In the sixth race, Morton, odds on favorite, shared a less misfortune. Morton was left at the post, and in straining for the lead, with Goose up, the horse fractured a leg, putting him out of the running.

TO EXAMINE APPLICANTS FOR OFFICERS' RESERVE CORPS

Captain Philip S. Golderman, of the United States Army, will be at the Windsor Hotel, in Paris, Ky., for the next five or six days, for the purpose of receiving and examining applicants for admission to the Officers' Reserve Corps of the United States Army. Candidates for enlistment should call at once on Capt. Golderman, at the Windsor Hotel, in Paris, Ky.

RED CROSS AT WORK.

Members of the Paris Chapter of the American Red Cross have been holding meetings daily this week at the Presbyterian manse on Duncan avenue.

The members have been devoting their time to making articles that will be needed in the Red Cross service, in the first-aid-to-the-injured kits, and in other work necessary to carrying out the plans and aims of the organization.

THE CHANCES OF THE ARMY BOYS.

When a young man enlists in the army with the war drums beating, there is a fearful time among his relatives. And yet, the chances are that thirty years from to-day, just as large a proportion of these new recruits will be alive and well as of the fellows that stay at home.

The chances that any larger proportion of our troops will do active fighting does not now seem large. By energetic preparation and rapid organization of our military forces, and a show of good fighting strength, we could probably avert invasion even if the protection of the British blockade were withdrawn.

Horrible as modern warfare seems, medical science saves by far the greater part of the wounded. A big share of the horrible losses of former wars was due to neglect of wounds and ignorance of treating them.

To balance the dangers of military service, there is the fact that the boys now enlisting are going to live very healthful lives. They will be drilling and practicing war maneuvers in the wholesome open air. They will become physically fitter, able to endure strains, full of good health and courage. For all who do not actually go into battle, it will give them reserves of strength and energy for years to come.

Meanwhile the boys who stay at home will for the next year or two be living largely indoor lives, working in stooping postures over desks, breathing contaminated air. There are always some who give way under these conditions and suffer serious impairment of vital organs. It's dangerous living most anywhere now, and as some humorist said, the bed is the most risky place, as most of us die there.

PARIS BOYS SATISFIED IN THE NAVY.

Letters received here by friends and relatives of the Paris boys, Ed. Fitzpatrick, Ed. Doty and W. O. Pennington, who are at the Navy Recruiting Station, in Norfolk, Virginia, state that they are all in good health and enjoying themselves. They have become used to the changed conditions and say the life will suit them.

In a letter to a member of THE NEWS' staff, Mr. Fitzpatrick, who was lately employed in this office, states that they are likely to be moved on shipboard soon, destination unknown, and for that reason, his future address was uncertain. He stated that he, Doty and Pennington were all in Company M, but that "Buddy" James was in another company.

The letter stated that constant drilling, carrying a nine-pound gun, had given all the boys splendid appetites and they were showing Uncle Sam's commissary department something in the way of healthy Kentucky appetites.

In a dress parade held at Norfolk their company carried off first honors for efficiency and neat appearance. The parade was led by the Marine Band of Washington.

WOMEN'S PATRIOTIC MEETING AT COURT HOUSE TO-MORROW

A patriotic mass meeting of the women of Paris and Bourbon county, will be held at the court house in this city, at 2:30 o'clock to-morrow afternoon, for the purpose of considering the question of food conservation. The meeting has been called by Mrs. Fanniebell Sutherland, president of the Federation of Women's Clubs. The members of this organization will also have a part in the proceedings.

Miss Aubyn Chinn, of Lexington, a member of the Agricultural Extension Division of the State University, will be the principal speaker of the afternoon, and it will be a treat to hear her. The meeting has been called for the consideration of patriotic and practical questions, and especially matters affecting the conservation of food, a vital question in the crisis now confronting the nation. Miss Chinn will take as subject: "Food Conservation" and "Grain and Vegetable Substitutes for Meat and Bread."

Although the meeting will be largely held for the members of the Federation and under their auspices, all who feel an interest in the consideration and discussion of these questions are urged to attend the meeting, with the assurance that they will be gladly welcomed.

The membership of the Federation is composed mostly of housekeepers belonging to the Paris Literary and the Paris Progressive Culture Clubs, the Health and Welfare League, the Red Cross Society, the Parent-Teacher Association, and other kindred organizations in which women play the leading parts.

EDITOR BUYS FARM.

The Robert Hughes farm, containing seventy-one acres, located at Tarr's Station, on the Maysville pike, in this county, has been purchased from Mr. Robert Johnson by Mr. J. M. Alverson, of Georgetown, for \$200 per acre. Mr. Johnson recently purchased the place from Mr. Randle Smith, of Nicholas county, at about \$185 per acre. Mr. Alverson is editor and owner of the Georgetown News. He is a son-in-law of Mr. J. G. Allen, of Millersburg. Mr. Alverson bought the place as an investment.

LONG AND HONORABLE LIFE IS ENDED

Rev. Dr. George Varden Dies Suddenly Tuesday—Burial in Paris Yesterday.

—Dr. George Varden, one of the ablest scholars in the South, and one of the State's most noted educators and authors, and at one time a prominent clergyman in the Baptist denomination, died suddenly at his home in Lexington, of heart disease, Tuesday morning. He had been ill recently, but had so far recovered that he was not believed to be in danger. He had just been talking over the phone to his daughter, Mrs. Nellie Varden Williams, who was at the Union Station, in Lexington, when he was stricken with heart disease, expiring almost instantly.

Dr. Varden was a native of East Dereham, Norfolk county, England, where he was born in 1830. He came to America in 1852. He had resided in Paris for more than fifty-five years, and, despite his eighty-seven years, he was an unusually active and well-served man. He was a close student of world events up to the very time of his death.

Dr. Varden was graduated from the Georgetown College in 1858. He served as pastor of the Baptist churches at Paris, Georgetown and Falmouth and other places, and was a steady contributor to church publications. He was associate editor of the Baptist Monthly from 1866 to 1868, editor of the Western Recorder, of Louisville, for some time, and was also editor of the Baptist Flag and the Central Baptist, both published in St. Louis. For nearly forty years he was correspondent of the Journal and Messenger, of Cincinnati. He was instructor of Greek surveying, English literature, Latin and other subjects in the Edgar Military Institute, conducted in Paris by Col. George M. Edgar, and also at the Bourbon College. He was a commissioner of the Garth Fund for eight years and for twenty years one of the trustees of the Georgetown College.

Dr. Varden was married twice, his first marriage being to Mrs. Mattie Stephens Gilman, of Paris, in 1858. To this union there were born four children: Dr. George S. Varden, of Paris; Mrs. Elizabeth Bishop, of Lexington; Mrs. Nellie Varden Williams, of Nicholasville, Tenn.; and Mrs. Mattie Varden Hutchcraft, of New Haven, Conn. In 1896 he was married to Miss Emily Greene, of Lexington, and to them was born two daughters, Misses Una and Sarah Varden. Eight grandchildren and four great-grandchildren also survive him.

The body was brought to Paris yesterday afternoon about 4:30 o'clock, after services conducted at the First Baptist church, in Lexington, by Rev. Dr. J. W. Porter, at 2:20 o'clock. Services were held at the grave in the Paris Cemetery, conducted by Rev. Dr. J. W. Porter, of Lexington.

The pall-bearers were Charles Stephens, Judge H. Clay Howard, William G. Talbot, James McClure, Robert C. Talbot and E. M. Dickson.

At the services held in Lexington the pall-bearers were the following six ministers: Revs. C. T. Ecton, D. W. Case, Clarence Walker, W. C. Sale, T. C. Stackhouse and J. M. Walker. This is said to have been the first instance on record where all the pall-bearers at a funeral were ministers.

MANAGER FRED ERD GOES A-FLYING.

It is very seldom that Manager Fred Erd, of the Paris Grand Opera House, gets "up in the air," or at least any higher than the moving picture booth in the Opera House, but he went up, figuratively speaking, last Sunday.

Mr. Erd was riding an untamed motorcycle between Paris and Georgetown, Sunday, when a defective piece of the machinery gave way. Mr. Erd aviated in the air and came down on the hardest part of the road, with disastrous results to his anatomy.

He sustained painful cuts about the body, two fractured ribs and a lacerated chin and head.

Mr. Erd had recovered from his injuries sufficiently to enable him to be at his post yesterday. He says the next time he tackles a frisky motorcycle he intends to have it placed under peace bonds to insure its behaving in perfect ladylike manner.

LITTLEJOHN IN KENTUCKY.

The Littlejohn Greater Carnival Company, which began the season at West Point, Ga., is now in Kentucky, and headed toward Paris. They are at Somerset this week and playing to good business. This is one of the best and cleanest carnival companies in existence.

MT. STERLING DRUGGIST DROWNED IN LICKING.

Mr. Robin H. White, a well-known druggist of Mt. Sterling, and a first cousin of Mrs. N. A. Moore, of this city, was drowned in the Licking River, near Salt Lick, in Bath county, about seven o'clock, Wednesday morning.

Mr. White, in company with Dr. C. W. Compton, a Mt. Sterling dentist, and a colored carman, had been fishing in a boat on the river. As they were approaching a deep part of the river the negro suddenly leaned over the edge of the boat, which capsized, throwing all three in the icy waters. In an effort to save Dr. Compton, who was in distress, Mr. White, who had made his way to the shore in safety, returned to his aid, but became cramped and sank before aid could reach him.

The body was recovered about 10:30 o'clock, Wednesday morning by the negro, and was brought to Mt. Sterling. Dr. Compton was rescued by the negro, and returned with the body.

Mr. White was one of the best known druggists in Central Kentucky, and was a leading member of the State Board of Pharmacy. He is survived by his mother, Mrs. Bettie White, and two brothers, Mr. W. Bridges White, of Mt. Sterling, and Mr. J. Lawrence White, of Frankfort, Assistant State Treasurer.

Mr. and Mrs. N. A. Moore, of this city, went to Mt. Sterling, to attend the funeral, which was held in Mt. Sterling, yesterday.

INDICTMENT QUASHED.

At Maysville the indictment against Mr. J. Quincy Ward, Executive Agent of the Kentucky Game & Fish Commission, who was charged with sealing in the Ohio River, was dismissed.

Judge Newell dismissed the indictment on the grounds that under the statute the Executive Agent had the authority, and that it was his duty to capture fish for the purpose of restocking the streams of the State Sportsmen all over the State have been greatly interested in the case.

EDITORIAL MUSINGS.

Keeping Up Soil Fertility.

The farmers of Europe produce crops of the great grain staples that in yield per acre greatly exceed ours. Our farmers have had too much the feeling that you could go on indefinitely taking away from the soil without putting anything back. In the virgin soils of the Middle West, it has often been said that the land needs no fertilization.

The Illinois Farmer in a recent editorial admitted that even in the bounteous soils of that State, more has been taken out than has been restored. The editor attributes the unsatisfactory acreage production of staples to failure to keep up fertility.

Agriculture in the United States has been a form of mining. The crop derives its elements of nutrition from the soil. When those elements pass into the ear of corn and grain of wheat, they are taken from the earth. It seems incredible that anything that may come through rain, irrigation, floods, the air, or the under soil, can supply the place of what has been abstracted. If not, then soil exhaustion in any locality is a mere question of time.

Man is a prodigal creature, and organizes his systems of waste as carefully as methods of production. Vital elements of foods pass into animals, and pass out in waste. Much of this material is turned into streams to be thrown into the sea. Costly systems of sewage are constructed to effect this throwing away of necessary elements.

The farmer who is down on his back and complains of adverse weather conditions may simply be suffering from failure to keep up his land. During recent years fertilizing materials have been freely sold, and have done good, though not always applied scientifically. But enrichment pays to-day better than ever, owing to high cost of labor. If the product of a farm can be doubled, the labor cost per unit of product is greatly reduced.

Disorderly Habits.

There are several persistent habits on the part of the public, particularly of many young people, that tend to keep most towns looking disorderly, and are too much in evidence in Paris.

The distribution of handbills and advertising sheets is often done in a careless way by boys. They will throw a bill on the porch of a house, where the first puff of wind blows it into the street.

Many boys in delivering hand bills will stuff them into the hands of passers-by who have no interest in them, and who throw them away without looking at them.

Young fellows working as store clerks are often careless in handling litter. The first duty of the morning is to sweep out the store, and if they perform this task before the employer gets around, they sometimes think they can save five minutes of their precious time and energy by sweeping the refuse into the streets.

This newspaper has previously remarked on the common habit of throwing away on the streets the paper bags in which fruit, candy, peanuts etc., were purchased. Another slovenly and offensive trick is the habit of tearing up letters and scattering the scraps over the walks. Some one has to pick up these pieces bit by bit if the street is ever to look clean.

Probably the only way to get at this disorderly spirit is in the long run through the schools. Every school room ought to have a regular lesson each spring, and perhaps several times a year on the public value of neatness. The children should be told that dirty streets make the town less attractive to strangers, make people less likely to come here to live, that they depress the value of real estate, and thus work against the prosperity and comfort of every family.

HOPE SINKING IN GERMANY.

The military critic of the Berlin Zeitung announces that letters from many of his correspondents "show that their nerves are beginning to give way," and, proceeding from this point, he proceeds to scold the Berlin population very severely for permitting themselves to get discouraged by "isolated events" in France.

The fact that discouragement is really beginning to spread in Berlin is of much more importance than anything else the Zeitung critic has to say. Until very recently a large majority of the German people have cherished the strangest delusions in regard to the progress of the war. As recently as last December all of Germany was stupefied by the fact that the allies did not jump at a chance to accept the Kaiser's peace on the Kaiser's terms. The belief was general that the allies were completely defeated and were only holding on because they were too stupid to understand what had happened to them.

There is an old saying that whatever goes up must come down, and the hopes of the German people, having been maintained far higher than events have justified, are certain to begin to sink some time, and when they begin to sink the decline may be fast. Now we learn that four out of five letters to the organ of German militarism "breathe deep discouragement," and, as yet, not a half of the stern facts of the situation are known in Germany.

WORK THE CORN LAND.

In emergencies it may be necessary for some patriots to unyoke the oxen and leave the plow standing in the furrow, but the lasting support of the Nation requires efficient patriots to keep the plow going. The soil supports the corn; corn supports animals; corn and animals support an army; and "armies fight on their bellies." Let us properly care for the goose that lays the golden egg.

Whether corn prices are high or low, the farmer's profit depends on obtaining large acre yields. Large acre yields reduce the expense of both labor and land. It is remarkable that acre yields are increasing most rapidly in the States southeast and the States north and west of the corn-belt States. These increased acre yields are largely due to earlier and thicker planting of better seed corn. Unnecessary losses from planting poor seed corn are diminishing as it is becoming better realized that neither frosts nor droughts can exterminate good acclimated varieties if sufficient seed be saved from good crops to last until another good crop is obtained. Good seed corn will retain its powers of germination and production for four or five years.

PARIS TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Paris resident. It's the same everywhere—in 3,800 towns in the U. S. Forty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Then insist on having Doan's. You will know what you are getting:

Phillip M. Heller, proprietor meat market, 722 Main Street, Paris, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. Sometimes my back has been weak and lame and the kidney secretions have passed too frequently, causing me to get up often at night. I have used a box of Doan's Kidney Pills at these times and they have always rid me of the complaint. I always think that they are a splendid medicine and gladly recommend them." Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

MERCHANTS URGE PEOPLE NOT TO HOLD SUPPLIES

With the increases in the prices of foodstuffs, many persons are purchasing and storing away supplies enough to last for months, which, according to local dealers, only tends to increase prices at a still greater extent. When it was announced that flour had jumped to \$15 a barrel in the Paris market many purchased several barrels in the belief that the price might advance again. The same was true of sugar.

Wholesalers have been uncertain about laying in large supplies and the retailers have been afraid not to have a supply on hand. The wholesaler was uncertain because the market might drop, leaving him with a large stock on hand, and the retailer was afraid not to stock up for fear that he might not be able to secure the goods later on without paying prohibitive prices.

The retailers and wholesalers of Paris are urging our citizens to purchase only what they actually need and not hoard away their supplies to increase the cost greater than it already is.

Altitude Lessens Power.

The curious fact has been demonstrated that high altitudes apparently have a marked effect on the power obtainable from a gas engine. Recently one was erected several thousand feet above the sea level, but upon testing failed to give the desired power. An investigation followed, and the loss in power was attributed to the height at which the engine was operating. The general conclusion was reached that a gas engine loses about 1 per cent of its indicated horsepower per 1,000 feet of elevation.—Popular Mechanics.

COMPETITIVE EXAMINATION FOR ANNAPOLIS.

"WASHINGTON, D. C., April 26, 1917.

"Editor Bourbon News, Paris, Ky., "Dear Sir: Congress has just passed a law, which permits each member of Congress to name an additional midshipman to Annapolis. It is my purpose to hold a competitive examination in order that every young man in our District may have a chance for this honor.

"Under the law, the candidates for admission to Annapolis must be between the ages of sixteen and twenty years. The physical and mental examinations are very strict. Any young man desiring to take the examination is requested to write me at Washington, but in order to enter the examination he must file with me a statement from his physician stating that he is physically sound; especially as to sight and hearing. The mental examination is severe and it is useless for any young man to enter the examination unless he is well versed in Geometry, Algebra, Arithmetic, Spelling, Grammar, Geography, United States History and World History. Any young man entering the examination must have been a bona fide resident of the Seventh Congressional District for five years past. I have had many requests for the appointment, but in the great crisis which now confronts our country, I think it best to make the selection as the result of a competitive examination, so that every boy may have a chance who comes within the scope of the law pertaining to the appointment. Those desiring to take the examination must notify me by May 20th. On that date, those desiring to take the examination will be notified by me when and where to report for examination. When the examination is held, the young man making the highest grade will be commissioned to report for his entrance examination to Annapolis, which examination will be held by the Navy Department on June 27.

"As the time is short, I am asking you, Mr. Editor, to please give space in your next issue to this letter so that the young men of your county may have a chance for this examination. I know that it is your earnest desire to assist the Government in every way possible to build up the Army and Navy, and I will be very grateful for your co-operation in this matter.

"Very sincerely yours,
"J. C. CANTRILL."

RESOLUTIONS BY F. & A. M. ON DEATH OF W. A. WALLEN.

Paris, Ky., April 29, 1917.

Whereas, The Grand Architect of the Universe has in his inscrutable Providence, removed from our midst Bro. W. A. Wallen.

Therefore, Be it Resolved:
1. That in the death of Bro. Wallen our order has sustained an irreparable loss. He was a polished Christian gentleman, an exemplary and useful citizen, a True Mason, a true and faithful husband, and a kind and faithful friend.

2. That we deeply deplore his loss to our order, to the community, and to his family and friends.
3. That we deeply sympathize with his bereaved family and tender to them our heartfelt brotherly condolence and sympathy in this hour of their bereavement and trial, and invoke the Divine and sustaining comfort upon them in this their time of trial.

4. That a page in our records be set aside, upon which these resolutions shall be spread, and a copy sent to the family and also furnished to the papers of our city for publication.

WILL IT EVER HAPPEN TO US?

Plans are nearly completed for the organization of an independent base ball team to fill in the season at Winchester this summer and fall. A number of games will be booked with teams from in Ohio and Kentucky. Charles Vallandigham, formerly with the Blue Grass League, will manage the Winchester team. He has succeeded in getting a team composed entirely of Winchester talent. Uniforms have been ordered and preparations for practice are under way.

The scheme of the Covington promoters, so well advertised through the winter, to place teams in a number of Central Kentucky towns in an independent league, seems to have fallen flat, as no news regarding it has been given out to the public for several weeks. It is more than likely a frost, as interest in base ball in this section is just now confined mainly to reading the newspaper accounts of the doings in the big Leagues.

BUILDING OF POWERFUL RADIO STATION BEGUN.

Preliminary work on the construction of one of the most powerful wireless stations in the world has begun at the Philadelphia navy yard, according to an official announcement. The construction of a huge hanger which will house eight battle hydro-airplanes is also under way. The new wireless station will have a sending radius of approximately three-fourths of the distance around the globe, making possible direct communication with the Philippines and other insular possessions of the United States. The aerial structure will be more than 700 feet high.

BEST REMEDY FOR WHOOPING COUGH

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieve him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup. (may-adv)

Kentuckians All Over State Find Tanlac Great Help.

NEW TONIC GAINS FRIENDS

Hundreds of Kentuckians do not hesitate to come out publicly in praise of Tanlac. Men and women in every part of the state have been helped back to good health by this new tonic. Here are just a few of the hundreds of statements made by people of the Blue Grass State in regard to Tanlac:

SALYERSVILLE—Nancy J. Powers: "I was troubled with my stomach and rheumatic pains. My muscles were sore and my food didn't seem to digest. Since taking Tanlac food doesn't disturb my stomach and the pains have disappeared. Tanlac is surely a great medicine."

BURNSIDE—C. W. Lane, lumber inspector: "Headaches, constipation and nervousness had caused me to become so run-down that I was unable to work. Tanlac was recommended to me by several friends. Now I can do a day's work with anybody."

VALLEY STATION—George Ray, farmer: "For more than a year I was troubled with my stomach. I would wake at night with cramps. After three bottles of Tanlac my stomach never bothers me. Tanlac certainly is a great tonic."

STEPHENSBURG—Elza Young, merchant: "My system had become so run-down I had trouble getting a good night's sleep. With my first bottle of Tanlac I began to feel stronger, and I now sleep better than in years."

KILGORE—Joe W. Cotton, farmer: "I am in my seventy-ninth year and naturally am subject to ailments, particularly stomach. Since beginning Tanlac I have felt so much stronger that I will continue using it until my stomach feels entirely well."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON, Snell & Wood; **MILLERSBURG**, W. G. Wadell; **ELIZABETH**, Oscar Smith; **CARLISLE**, Trueman & Son; **GEORGETOWN**, C. H. Arnold; **WINCHESTER**, Duty Drug Company; **AUSTERLITZ**, B. S. Parish. (adv.)

COST OF BOARDING HIRED HELP.

It costs \$128 per year to board a hired hand, according to estimates furnished to the Department of Agriculture by 1,000 farmers representing widely separate sections in 11 States. The averages derived from these estimates are embodied in Department Bulletin 410, recently published, entitled "Value to Farm Families of Food, Fuel and Use of Home."

It was found that the total annual cost per person of board for hired help varied from \$104 in Vermont and Pennsylvania to \$162 in New Jersey, and that the percentage of this cost paid in cash varied from 15 per cent in North Carolina to 49 per cent in California. This percentage is about one third in the eastern section studied, about one-fourth in the corn belt States, and still less in the Southern States.

A GOOD STORY.

Here is a good story related by a prominent clergyman of the Church of England, Canon Ainger, in his Reminiscences, as recently published.

The worthy Canon tells us that all through his life he has been a great lover of children, and never found himself at a loss to provide amusement for such as came his way. He set out one night to attend a party for children in the home of a friend in London. Arriving at the door he said to the footman: "Do not announce me," and proceeded to take off his coat and creep into the dining room on his hands and knees, making strange noises, as the neighing of a horse or the braying of an ass. No sound of laughter or applause greeted his efforts and when he looked up he found himself in the company of a party of strangers, men and women, who were seated at the dinner table, and were eying him as some escaped lunatic who had somehow managed to get hold of a clergyman's dress.

"The children's party," the Canon tells us, "was next door."

MILLERSBURG

—One of the most unique entertainments ever given in Millersburg was that known as the "Tour of the World," given on Thursday afternoon by the ladies of the Methodist Church. In fact, it was five entertainments in one, for which an admission price of fifty cents was charged. All holders of tickets assembled at the park and were taken to the various homes representing the five countries in automobiles, going in three squads. The hours were three, four and five.

They were first taken to the home of Mrs. Roy Endicott, representing Hawaii. All of the homes were darkened and illuminated with wax tapers. The Endicott home was decorated in Hawaiian colors. Music was furnished by a Victrola playing the Hawaiian national airs. The dining room was beautifully decorated, the large round table being covered with a Hawaiian lace cloth with peacock feathers worked in it. Mrs. Endicott and her assistants were costumed in Hawaiian style. Oranges and pineapples were served.

From here they were driven to the home of Mrs. W. M. Miller, representing America. Flags and American emblems were in evidence everywhere. The guests were greeted by sentinels stationed at the entrance of the front walk, and also on the veranda. Colonial America was also represented, some of the pages being dressed in Washingtonian costumes. The guests were received by Mrs. J. Clarke Leer, Jr., and ushered into the drawing room, where they were greeted by soft music from the violins of Misses Mary Louise Bruce and Georgia McDaniell, accompanied by Miss Pauline Jones pianist. Those assisted in receiving were attired in Stars and Stripes, while those who served in the dining room represented Indian maidens. The dining room was artistically decorated in red, white and blue, with two huge hatchets on the center table. The menu consisted of old ham, dressed eggs, peas on toast, pickle, beaten biscuit and coffee.

From here the guests were driven to the home of Mrs. A. S. Best, representing Holland. Here Dutch customs were carried out as far as possible in costumes and decorations, a Victrola playing the Holland national airs. In the dining room potato salad and Dutch sandwiches were served, and again the party made its way to the home of Mrs. Charles Martin, representing Iceland. Here the decorations and costumes were most attractive, and in keeping with the country represented. The guests were received at the front door by Miss Eugenia Wadell attired in a heavy fur coat. A huge iceberg greeted the guests as they entered. Further back in the hall was a cave with a white polar bear in the entrance. The home was decorated throughout in ice and snow, and fir trees with the exception of one room, representing Vineland, which was exquisitely decorated in vines. A Victrola furnished music of national airs. The dining room was decorated with fir trees, heavy snow and icebergs. Ices and lady fingers were served.

From here the tour extended to the M. C., representing Japan. Everything here represented dainty Japan. The ladies beautifully attired in Japanese kimono, with hair artistically dressed. All were given seats on Japanese cushions, where tea and Japanese wafers were served. This completed the tour. It was by far the most pleasing entertainment ever given here, and will always be remembered as one of the most pleasant times in the history of Millersburg. The ladies have been urged to repeat it, and should they do so the attendance will be far larger than before, notwithstanding the crowd exceeded all previous expectations.

SOUTHERN STATE TELEPHONE ASSOCIATION

THE NEWS is in receipt of the following letter from Mr. J. J. Veatch, of Paris, District Manager of the Central Home Telephone Co., extending an invitation to attend the coming meeting of the Southern States Independent Telephone Association, at Louisville:

"Dear Sir—
"The Southern States Independent Telephone Association has decided on the dates of May 24, 25 and 26 for their next Annual Convention, which is to be held at the Louisville Hotel, Louisville, Ky."

"Every Independent Telephone operator, manufacturer and jobber is being invited and urged to attend this Convention and the undersigned is especially requested to personally look after the attendance from this portion of the State, and this is to extend to you a most hearty invitation. I had the pleasure of attending this Convention at Knoxville last year and would not have missed it for many times the expense."

"Reservations should be made at the earliest possible date, as the spring race meeting is on at the same time and all hotels are likely to be crowded and accommodations will be at a premium."

"For further information on both accommodations, rates and reservations, you may communicate directly with the Louisville Hotel or Mr. Minor Corman, in care Central Home Telephone & Telegraph Co., Louisville, Kentucky, who is Chairman of Attendance Committee."

"Yours very truly,
"J. J. VEATCH."

A Delicious Cup of Tea.

If you want to keep your friends guessing get from your druggist a eighth of a pound of dried orange blossoms (they are very expensive) and steep two or three to a cupful alone with your tea leaves. Omit sugar, lemon or cream, as either cloy the delicate flavor of the orange buds. Be sure you get them strictly fresh and from a receptacle tightly covered and keep them air tight yourself. The novel idea was introduced into many studios by a clever Frenchwoman and proved very popular.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

"ENFANT TERRIBLE" RAKES THE GERMAN'S PRETENSES.

COPENHAGEN, May, 3.—Maximilian Harden, the German "enfant terrible," publishes in the latest issue of Die Zukunft another daringly frank article exposing to German readers the "shams, pretenses and mistakes" of their government's policy.

The article is devoted to the entry of the United States into the war, which Herr Harden warns the people must be taken most seriously, both from the moral side, as a symptom of the weakness of Germany's appeal to the neutral world, and the failure of her foreign policy.

Consistent with his earlier attitude, Herr Harden has words of praise for President Wilson and his policy and reveals in various passages a slighting opinion of Dr. Alfred Zimmermann, which he did not conceal at the time of Zimmermann's elevation to Ministerial rank.

STATE HAS RIGHT TO REGULATE INSURANCE BUSINESS

Federal Judges Warrington, Hollister and Cochran, sitting at Covington, Saturday, held that the State of Kentucky has the right to regulate the business of insurance companies within the State and that the State can say whether such agents must be residents.

The opinion was the result of a suit by Ben Adams against C. F. Thomas, State Insurance Commissioner of Kentucky, seeking an interlocutory injunction to compel the State to issue a license to him to do business in Kentucky. At the time of the filing of the suit, Adams was granted an appeal to the Supreme Court and the temporary restraining order, granted at the time of the hearing of the case, preventing Thomas from interfering in the conduct of the business of Adams, continued until May 5.

Adams in his suit sought to prevent Thomas from enforcing sections 14-16 of the Kentucky statutes wherein it provided that all agents of insurance companies doing business in Kentucky shall be bona-fide residents of the State.

Keeping Yourself Well

DRIVING OUT CATARRH

If people knew how the presence of catarrh is a constant menace, they would have none of it. It infects some part of the delicately adjusted body and makes it useless, thus throwing on the other organs more than their share of work. It disarranges Nature's delicate plans as to make possible asthma, hay fever and other respiratory disorders. It spreads until it becomes systemic, thus involving many organs and debilitating the entire system with serious results. Catarrh is easily neglected, and it rarely gets well of itself. It needs proper medicinal correction. For almost half a century many thousands have found help in Furina, a valuable tonic with special efficacy in catarrhal conditions. The aim is to clean out waste matter, to dispel the catarrhal inflammation, and tone up the whole system. Its users willingly testify that it has done all this and even more for catarrhal sufferers. What it has done is the best proof of what it will do. You may rely on Furina.

In tablet form it is pleasant to take and easy to administer.

Tablets are the ideal laxative and liver tonic. They have no unpleasant effects and do not form a habit. 10c, 25c. The Furina Co. Columbus, O.

WARNING TO SPEEDERS.

The automobile season is now rapidly approaching. In fact, it is with us now, and the inherent desire of the speedomaniacs to burn up space and gasoline will soon be manifested in the reports to the papers of deaths and accidents.

The speeders are hereby given fair warning by the police department of the city of Paris with the full cooperation of the county authorities that all of the automobile laws of the city, county and State will be enforced to the letter, and that they are expected to be fully advised as to the requirements of the various laws. Speeding is the breach of the laws that affect the most people, and the officers have decided that an attempt will be made to break it up, even if it requires the employment of plain clothes men to do it.

As an illustration of the utter recklessness and defiance of the laws THE NEWS will cite an instance. Sunday was a great temptation for the autoists to try out their machines. One of these, driven by a Carlisle man, came dashing down Fourth Street Sunday afternoon. Two Paris citizens were about to cross the street at the corner of Main and Fourth. The driver of the machine made no attempt to warn them by sounding his horn, nor did he try to check the speed of his machine, which narrowly missed the pole at the corner. Two citizens called the attention to bystanders to the marks left on the street by the tires to show how narrow an escape they had made. The boy in the machine, like all other irresponsible ones of his kind, went on, unconcerned about anything save his conceit in being considered a "dashing youth."

Some of these days some citizen of the city of Paris is going to do something that will excite the wrath of one of these speeders and then there will be a funeral, with the reckless driver leading the way feet foremost in one of the auto hearses belonging to a Paris undertaker.

Fair warning, boys!

THE DAUGHERTY STORE UNDERGOING IMPROVEMENT

Extensive improvements are being made in the Daugherty building, at the corner of Main and Fifth streets, occupied by Daugherty Bros. and the C. A. Daugherty paint and wall paper store.

The former entrance on Fifth street has been closed and an up-to-date electric passenger elevator installed. The second floor of the building will be used for the display of wall paper, player pianos and Victrolas, all in charge of a competent demonstrator. The third floor will be used as a finishing room for furniture storage purposes, etc.

The whole work is well under way and will be carried forward to an early completion.

MILITARY TRAINING OF BOYS AT P. H. S.

Prof. E. T. Proctor, of the Paris High School faculty, who has had a large experience in military matters and a good grounding in training work, has organized a company of sixty boys, who put in each afternoon in going through the manual of arms at the Paris High School after school hours. They are becoming very proficient.

"THE WILD ROSE" A TUNEFUL PRODUCTION

"The Wild Rose," a tuneful and charming little operetta, was presented by the girls of the Paris High School at the High School auditorium last Monday night in a manner that would have done credit to professional actors.

The entertainment was one of the most charming and pleasing affairs of the kind that has ever been given inside of the walls of the Auditorium. The participants had been well drilled in the characters they assumed, and they gave their rendition and interpretation of the characters in a way that reflected much credit on their instructors and themselves. It was all dainty and perfectly natural.

The operetta was directed and staged under the personal supervision of Miss Leoria Ward and Frances Butler, who have devoted many anxious moments to preparing their young charges for the parts they assumed in the cast.

FORMER BOURBON COUNTY WOMAN IN THE NAVY

To a former Bourbon county woman, Mrs. Hattie Hutchison Todd, has fallen the distinction of being the first Southern woman to enlist for active service in the United States Navy.

Mrs. Todd was formerly Miss Hattie Hutchison, daughter of Mr. Nathan Hutchison and Fannie Bayless Hutchison, of this county, and was raised on the old Hutchison farm near Hutchison.

A letter to relatives in Paris from Memphis, Tenn., stated that Mrs. Todd had joined the navy, and had been taken on the same ship with her husband, who is Enlisting Officer for the U. S. Navy, and at present stationed at Norfolk, Va. Mrs. Todd will be bookkeeper in the recruiting service, and will have a place on board the receiving ship with chances of being assigned to more active service in the future.

MISS HAMILTON'S ADDRESS.

A delightful address on the subject of "American Ideals" was delivered at the residence of Miss Ollie Buckner Minokuchi, Monday evening by Miss Riddie Hamilton, of New York, representing the New York Chautauqua.

An audience composed of a number of Mrs. Minokuchi's friends, who had been especially invited to hear Miss Hamilton, was present, and enjoyed the address to the utmost. After the delivery of the address an informal reception was held during which the guests had the pleasure of meeting Miss Hamilton personally and indulging in social enjoyments.

Miss Hamilton has been delivering addresses in all the principal towns and cities of the Blue Grass section in the interest of the Chautauqua, and has been the recipient of marked official attentions. She is a graceful young woman, whose charms of person greatly enhanced the delivery of her addresses.

NOTED ARTIST ILL AT HER PARIS HOME.

The Winchester Daily Sun says: "Dr. and Mrs. C. H. Rees and Mrs. Alice Sutherland motored to Paris Sunday to spend the day with their cousin, Mrs. H. She has two pictures exhibited in the Salon at Paris, France. As of the portraits in the Paris, Ky., court house are her work. A very fine portrait of Judge James French and his name-sake and nephew, James French, in the home of the Misses Mary Emma and Bettie Bright, in Winchester, were executed by Mrs. Hill. She is also distinguished as a speaker and writer of no mean ability."

THE LEXINGTON RACES.

Large crowds and good racing continue to be the leading feature of the Lexington races, which began Saturday in an auspicious opening with a good card.

The winners in the seven events on Monday, the second day were: Khymer, time 1:18 3-5; Compadre, time 1:51 2-5; Opportunity, time 1:43 1-5; Alert, time 1:17 1-5; Aldebaran, time 1:48 2-5; Squellar, time 1:17 1-5; Grover Hughes, time 1:50.

The third day, Tuesday, saw a repetition of the big crowds and fine racing with splendid weather prevailing. The winners of the seven events were: Irregular, time 1:15 4-5; Big Enough, time 1:55; Blind Baggage, time 1:12; Col. Venne, time 1:46; Solid Rock, time 1:41 4-5; Eastern Princess, time 1:56; Billows, time 1:45 1-5.

A good wad of Paris money was placed on Mr. Arthur B. Hancock's Embroidery, in the fourth race, but the good nag finished in second place, after a hard fight for first honors.

The fourth day's card was equally as good as the ones of the preceding days, and the attendance greatly increased, due partly to the good weather and the prospect of fine sport.

The principal event of the day's sport was the winning of the maiden race for two-year-olds, which Keeneth Alexander's Escoba took in 1:55 3-5. The colt's dam, Christmas Star, was purchased from one of the consignments of Mr. Catesby Woodford, of Paris, to the Kentucky Sales Co.'s auction some time ago.

The winners of the seven races on the fourth day were: First race—Demetri, time 1:12 4-5; second race—Bern Handley, time 1:54 4-5; third race—Samsynnie, time 1:13 2-5; fourth race—Bringham, time 1:12 4-5; fifth race—Escoba, time 1:55 3-5; sixth race—Penrod, time 1:46 3-5; seventh race—Fascinating, time 1:46 4-5.

The fifth day of the races witnessed a large attendance yesterday, despite the cold and gloomy weather. The races filled out well, and the crowd got a good run for their money, at least the fortunate ones did. The winners of the seven events were as follows: First race—Peter Jay; second race—Honey Dew; third race—Kallian; fourth race—Star Maid; fifth race—Tokay; sixth race—Black Frost; seventh race—Jim Wakeley.

BOURBON FISCAL COURT

The May term of the Bourbon Fiscal Court convened in the County Court room at the court house yesterday. The session was presided over by County Judge C. A. McMillan, and the following Justices present: Martin, Thomason, Burris, Redmon, Stephenson, Lloyd, Shropshire and Turner.

Jailer Jos. Farris filed his settlement with the court for the months of October, November and December, 1916, and for the months of January, February, March and April, 1917, showing a balance in his hands of \$155.92, which report was received and filed.

Claims against the county amounting to \$1,283.91 were approved and ordered paid.

County Treasurer S. E. Bedford was instructed to borrow the sum of \$10,000 from the Hamilton Fund for the use of the Turnpike Fund, and to execute note for same, payable January 1, 1918, bearing six per cent interest from date.

It was ordered that Harry Current and Wirth Current be paid the sum of \$50 per month for driving the county trucks and that the allowance to R. R. Turner for the same purpose be discontinued.

Ordered that the sum of \$5.00 per month be paid to Mrs. Mollie Nichols for her support.

Ordered that the county appropriate the sum of \$1,350 per mile to build the Grimes turnpike and that the Road Engineer be instructed to have the State Road Department furnish plans and specifications for same, provided the guarantors furnish the balance of the money for completing said pike.

A committee composed of Justices Stephenson and Redmon was appointed to attend to the additional painting needed on the court house.

The Court adjourned to June 7th.

MAY COMES PRANCING LIKE REAL SUMMER.

May came in this week laden with all sorts of promises and preparations for summer, and was welcomed by the hordes of gardeners and field workers who have been watching so eagerly for the coming up of their plantings or for weather suitable to put in the rest of the tender crops.

This is to be Baby Week all over the country, from May 1 to May 8, and plans are being discussed and arrangements being made for obtaining better conditions and more scientific and safe living for these future successors to the world's problems and the world's work and play. The subject is being discussed in the Women's Clubs, and in the pulpits, in classes, in homes, and in conventions, and all these agitations will surely bring blessings and benefits for these helpless little ones.

The coming of "May 1st" used to be an event in Paris, generally celebrated with gay parties and outdoor dances by the young people, partaking of the spirit of the old days, when the signal honor every young girl coveted was to be chosen "Queen of the May." But customs have changed and the girls have other things on their minds these days. There wasn't much "May-ing" with them around Paris!

USE GAS THIS SUMMER.

Don't wait until the hot weather comes and then wish you had had the kitchen piped for gas when you were cleaning house—do it now, you will eventually come to it. Anyhow, gas is the cheapest fuel to use and it is so much cleaner and the convenience is worth all the expense. Call us over the phone and we will be right on the job.

RESOLUTION

Designating Certain Streets of Paris to Be Paved.

CITY HALL, PARIS, KY., April 26, 1917.

Be it Resolved by the Mayor and Board of Council of the City of Paris that the following streets of the City of Paris, Ky., shall be paved:

High Street from Broadway to Fourteenth Street;

Main Street from Tenth Street to Twentieth Street, and such improvement is hereby declared to be a necessity.

The said improvements shall be made upon the following basis:

One-third of said cost and expense shall be borne by the owners of the real estate abutting on one side of such improvements, and one-third shall be borne by the owners of real estate abutting on the other side of such improvements, and the remaining one-third shall be borne by the City of Paris, but where a street railway or interurban runs across, on or along any street to be improved, such street railway or interurban shall be required to pay for so much paving on such street as under its franchise and grant from the City it is required to build, keep up and maintain, and the portion to be borne by the City shall be reduced by the portion which is to be borne by such interurban or street railway, and in the event the City pays for 1-3 of such improvements, it may still recover from such interurban or street railway its portion aforesaid of the expense of such paving. But such Railway Company shall have the right to construct its own part of such proposed improvement, and if it shall do so no tax shall be assessed against such company, provided, however, that such company shall, before the letting of the contract for such improvements, elect by written request presented to the Board of Council, to construct its part of such improvement, and shall execute a bond to the City with good and sufficient surety to be approved by the Mayor conditioned that it will do the work of improving such part of the street with such material and according to such plans and specifications and within such time and subject to such provisions as the ordinance therefor prescribed. The expense to be borne by the abutting property owners is in addition to the cost of any pavements or curbing which the property owners are required to pay exclusively.

In addition to the proportion of the expense of the improvements to be borne by the City above set out, the City shall also pay the cost of the improvements of intersections with other public ways, including one-half of the width of the street or alley, being improved, besides other streets or alleys which run into, but do not cross the street or alley so being improved, and of that proportion of any street abutting upon property belonging to the city, and shall pay the costs of all improvements where abutting owner is public school, cemetery, county, State or United States.

The cost to be borne by the abutting property owners shall be apportioned among and assessed upon the lots or parcels of real estate abutting feet.

Said improvements shall be made on the ten year payment plan, subject to all the terms and provisions of the act under which this resolution is passed, being Chapter 113 of the Acts of Kentucky, of 1916.

J. T. HINTON,
Mayor of the City of Paris, Ky.

TOBACCO PLANTS NOT DOING SO WELL.
Tobacco plants are not showing up so well in Bourbon county, and some of the growers say crop prospects are not so good as some time earlier. They say the plants in some of the beds will not amount to very much, and that where there are plants of any consequence, they were not growing properly on account of dry weather. The recent rains effected some improvement, and many beds have been re-sown.

GET IN EARLY.
Some of our advertisers do not seem to appreciate the importance of getting copy for a change of advertisements into this office at the earliest possible moment. Some of our business men who are keen and alert on other business matters neglect this important consideration.
With the many details incident to getting up a paper the mechanical department has one of the most perplexing to contend with, that of properly displaying and apportioning space to advertisements. In order to insure fair treatment our advertisers should have copy for change of ads in this office at the very earliest possible moment. Don't delay it—you are the losers thereby!

BOURBON MEN ON BOARD OF DIRECTORS
At a meeting of the newly-organized Kentucky Short-horn Association, held at the Kentucky Agricultural Experiment Station in Lexington, Tuesday afternoon, Mr. J. R. Redmon, of Bourbon county, was made a member of the Committee on By-laws, for the one-year term, and Mr. Oscar M. Johnson, of Millersburg, for the two-year term.
Mr. H. D. Peterson, of Millersburg, was taken in as a new member of the Association. The Association had as a guest of honor, Mr. W. S. Robbins, of Horace, Indiana, who came as a representative from the American Short-horn Breeders' Association.

HAIL, RAIN AND WIND.
With a wind blowing about fifty miles an hour, a real April shower, swept through Paris late Monday, the last day of April. A beautiful rainbow appeared in the Eastern sky just a few moments before the storm suddenly broke here.
Although the wind blew a while like a mimic cyclone, tore down some trees and a few dilapidated barns that were about to fall of their own weight and twisted telephone and telegraph wires, throughout the city and vicinity, little real damage resulted from the gale.
In the early part of the afternoon light showers fell, preceded by a heavy hail, the hailstones being about the size of a large pea. The hail did not last long enough to do much damage to crops or property.
Spring was only fooling us, apparently, by sending notice that she was "just over the hill" Wednesday night the mercury took a sudden tumble, making the night a disagreeable one to those who were out. Several reported a light fall of snow about four o'clock yesterday morning. Yesterday morning a heavy and cold wind, with a few cold wind chasing spring back to her winter clothes.

KEEP WAR PRICES DOWN TO MINIMUM.

Washington, May, 3.—The fight to keep down rising war prices for food took definite shape in the House Monday when a joint food conservation resolution was introduced by Representative Lever, of South Carolina, Chairman of the Agriculture Committee. It will be presented in the Senate by Senator Gore.

The resolution empowers the Department of Agriculture to make a thorough survey of the food situation throughout the country, including an investigation into the present amount of food available, its location and the source of production.

It also offers as a basis of consideration of final legislation to stimulate production, conservation and bring about an equitable distribution and prevent excessive prices.

MUSCLE SORENESS RELIEVED

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than messy plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pains, aches of rheumatism, gout, lumbago, grippe, bruises, stiffness, backache and all external pain. At your druggist, 25c.

REVENUE COLLECTIONS BREAK ALL KNOWN RECORDS

All known records for tax collections in the Seventh Internal Revenue District, of which Paris and Bourbon county is a part, were broken last week, when the sum of \$95,900.01, a single day's collections, made the high mark.

The increase in payments was largely due to a letter addressed by Collector Ben Marshall to the income tax payers, which stated in brief the immediate need for prompt payment of the tax.

TO CONTROL FOOD OUTPUT OF THE U. S.

Washington, D. C. May, 3.—Both branches of Congress, Monday, began consideration of legislation that will revolutionize the food output of the country.

Control of the food situation for the period of the war and Federal assistance for farmers in their efforts to meet the tremendous demands of the present exigency was provided for in a joint resolution introduced in the House Monday by Chairman Lever, of the House Committee on Agriculture.

In the Senate a similar resolution was introduced by Senator Gore, of Oklahoma. The Lever resolution was offered as a war measure. "To provide for the national security and defense by stimulation of agriculture and facilitating the distribution of agricultural products," is the purpose of the measure.

While the resolution does not specifically provide price fixing either at maximums to the consumer or minimums to the producer, it at the same time does seek in every other way to regulate production and distribution. It provides specifically against the hoarding of supplies in the face of nationwide need.

It provides that the foodstuffs industries which come in direct contact with the consumers' markets shall be controlled, forbidden indulgence in any discriminatory practices or the exaction of more than fair prices.

This is the nearest point to price-fixing that the resolution comes. It carries an appropriation of \$25,000,000 for the work.

The measure will be discussed in committee immediately and reported at an early date.

The bill to be introduced later will confer plenary power on the President, on suggestion of the Council of National Defense, to more adequately handle the situation, including the fixing of prices, both minimum and maximum; to prescribe national prohibition in the President's discretion, regulate transportation of food products and deal with produce exchanges and Boards of Trade to prevent undue speculation.

Representative Lever made this explanatory statement:

"This is one of several proposals for carrying out the plans agreed upon and outlined by Secretary Houston in his report of April 18 to the Senate for controlling the food supply of the nation during the war. A companion proposal is nearing completion and should be introduced within the next few days.

"These measures are based on the war power and merely undertake to care for abnormal conditions caused by the existing emergency, as a basis of consideration for final legislation to stimulate production; to conserve the supply, to bring about equitable distribution and to prevent excessive prices of food."

GERMAN SUBMARINE SINKS AMERICAN TANK SHIP.

London, May 3.—The American tank ship Vacuum, of New York, has been sunk by a German submarine.

An American Naval Lieutenant and nine American gunners, the Captain of the tanker and some of the members of the crew are missing.

The ship was sent down on Saturday, but the announcement of her destruction was not given out until Monday.

The vessel was torpedoed. She was armed with two guns, one fore and one aft.

The chief mate of the Vacuum and seventeen men, including three United States gunners, were landed. All of the men reported missing were said by survivors to be in one lifeboat.

The ship was owned by the Vacuum Oil Company, of New York. She displaced 1,990 tons and has been carrying oil between America and Europe ever since the outbreak of the war.

It was under command of S. S. Harris and carried a crew of thirty-four men, many of them American citizens. She was on her way to an American port in ballast.

The killing of the gunners marks the first American casualties in the war with Germany.

Samuel Merwin, who among the younger writers of America has already won much renown, is a regular contributor to Cosmopolitan, America's greatest magazine. At present Mr. Merwin is contributing short stories entitled "The Loves of Henry the Ninth," which are stories of boy and girl love. THE LOAFER IN BAD.

Verily it is going to be hard living for the loafer in the future. Lexington and other Central Kentucky towns have begun an active crusade against the loafer, and it will eventually extend to Paris and other parts of the county.

The persistent loafer is a public and economic nuisance. At the present time he is more than a nuisance. Right now every man should be at work in some capacity or other. Uncle Sam should send out details of soldiers, and round up every fellow found sitting around on the seat of his trousers, talking hard times and criticizing the work done and being done by other men. If he won't enlist he should be made to work in the gardens helping to raise much needed foodstuffs.

President Wilson has said that everybody can hold in the present trouble. Men physically unfit to be soldiers can cultivate gardens at home. Verily, there is no escape for the lazy man and the street-corner loafer. Instead of discussing politics and your neighbors' affairs, get to work, and be a producer!

ROAD TO HAPPINESS.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Make Us Responsible For Your Tires

You don't have to "shop" among tire dealers to get the exact tire you want,

—nor buy one make of tire for your rear wheels and another make for your front wheels;

—but you can get exactly the tires which will give you the lowest-cost-per-mile of service among the five different types of United States Tires.

And then you can hold one company—the United States Tire Company—responsible for the result,

—which is much simpler than trying to fix the responsibility on two tire companies through two different dealers.

There are five to choose from,

—one for every need of price and use,

—and every one a tire of supreme service and low-mileage-cost.

Samuel Taylor, Etc., Plaintiffs
Vs.—Notice of Sale.
Lucinda Turney, Etc., Defendants

Under and by virtue of a judgment and order of sale rendered at the March, 1917 term of the Bourbon Circuit Court in the above styled action therein pending, the undersigned Master Commissioner, on

Saturday, May 5, 1917,

at the front door of the Court House in Paris, Kentucky, about the hour of 11 o'clock a. m., will sell at public auction to the highest and best bidder, the following described property:

That certain house and lot of ground situated on the southeast corner of Ninth and Pleasant Streets, in Millersburg, Bourbon County, Kentucky, immediately in the rear of the Femaia College building, bounded on the west by Pleasant Street and running east between Ninth street and the property of Jane Reed to East Back street, being the same property conveyed to Charles Turney by J. R. Best, &c., by deed of date February 12, 1898, of record in the office of the Clerk of the Bourbon County Court, in Deed Book 80, page 326.

Said sale will be made upon the credits of six and twelve months, the purchaser or purchasers being required to execute their two bonds for equal parts of the purchase money, with satisfactory surety, due six and twelve months from date of sale respectively, and bearing interest at the rate of six per cent. per annum from date of sale until paid, said bonds to have the force and effect of judgments.

Said sale is made for the purpose of division among the parties in interest.

PARIS HIGH SCHOOL INVITED TO TRI-STATE TRACK MEET

The Paris High School is one of 205 high schools to receive an invitation to compete in the Tri-State Track Meet at Miami University, Oxford, Ohio, on May 12. The local boys can enter one of the two meets which will take place on that day, one meet being called a "Championship Meet" and the other a "High School Meet."

The reason that Miami is offering two meets this year is because they do not wish to force boys from small schools to compete with those from larger schools, so those who do not wish to enter the Championship Meet can compete in the High School Meet with boys from other small schools. The school winning these meets will receive handsome shields, and the point winners will receive gold, silver and bronze medals and ribbons. According to the arrangements one school may enter both meets, but one contestant may not enter both meets. Those who wish to enter one of these meets must register before May 7.

The Paris boys entering the meet will be guests of the University and will be shown every courtesy and attention. The University is making big preparations to help the boys enjoy themselves while in Oxford, as well as to run off the meet in such a way as to be fair to all. Those who arrive in Oxford the night before the meet will be entertained at Fraternity Houses.

The events of the day are: 220 hurdles, pole vault, 100 yard dash, one mile run, running broad jump, javelin throw, 440 yard run, 120 hurdles, running broad jump, Discus throw, 200 yard dash, shot put, 880 yard run, and mile relay.

PARIS TURFMAN ELECTED VICE-PRESIDENT T. H. A.

At a meeting of the directors of the Thoroughbred Horse Association, held in Lexington, Friday night, Mr. Chas. H. Berryman, manager of the Elmdorf Stock Farm, was elected President, to succeed Mr. Hal Price Headley, who under the laws of the Association, was not eligible to succeed himself. Mr. Arthur B. Hancock, of Paris, owner of the Ellerslie Stud, in Virginia, and the Claiborne Stock Farm near Paris, was selected as vice-president, to succeed Col. Milton J. Young, who requested that a younger and more active man be selected for the place. Mr. Thomas B. Cromwell, the noted turf writer, was elected Secretary.

At a meeting of the Kentucky Racing Commission, held at the same time, and presided over by vice-President J. Tart Talbott, of Paris, trainer's licenses were granted a large number of turfmen. Among them were the following from Paris and Bourbon county: Scott Williams, Lucien Johnson, Joe K. Redmon, J. C. Hume, French Brooks, J. K. Nichols, Robert C. Frakes and James Hukill.

AILS PAGE SELLS FOR \$800

Ailsa Page, the great trotting mare belonging to Senator R. L. Hubble, of Stanford, and McCray Bros., of North Middletown, has been sold by those gentlemen to Mr. Allie G. Jones, of North Middletown, for a New York customer, for \$800.

The great mare won in all of the big roadster rings last year, and possesses great speed as well as style. Senator Hubble used her as a buggy mare until he purchased an automobile recently, and then turned her over to Mr. Mack Hughes, of Danville, who was very successful in training and showing her. Just after she had won the \$250 roadster premium at the Stanford Fair last fall Senator Hubble sold a half-interest in her to McCray Bros., who showed her the balance of the season and won many blue ties with her.

CAWN CAKES, PLEASE.

It is stated that every American who eats corn bread saves a Belgian's life, because Europeans have not learned to eat corn bread, and many European kitchens are not equipped for baking.

Several kinds of corn bread that do not require baking are made in this glad land of ours. There is, for example, the stack of buttered "cawn cakes" which any old-fashioned Kentucky cook can place by your plate, and replace from time to time according to your displacement as a carrier of corn cakes. There is also the hoe-cake which is made on a griddle and should have the salt put on it in the form of butter spread on at the table. Corn bread can be made by making up the batter and dropping a big iron spoon full of it into boiling lard to fry it crisp and brown like a fritter.

Pass the "cawn cakes," please, and let us save the lives of the battered and bleeding Belgians. It is a pleasure to do so, positively.—State Journal.

Real Chinese Dragon.

That dragon monster of which the Chinese are so fond did actually exist, according to a Shanghai correspondent of the London Times. It is known that reptiles existed very similar to the favorite pictured dragons, and there is reason to believe that some measured as long as 60 feet.

PROPER FOOD FOR WEAK STOMACHS

The proper food for one man may be all wrong for another. Every one should adopt a diet suitable to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

MILLERSBURG

—Mrs. Clara Shanks left Monday for Carlbad Springs.

—Miss Pearl Stokely, of Cynthia, is the guest of her aunt, Mrs. G. L. Hill.

—The ladies of the Baptist church will have a sale of eatables at the Exchange Bank, Saturday.

—Miss Elizabeth Miller was at home Saturday and Sunday from Transylvania University, at Lexington.

—Mr. and Mrs. J. H. Collier and Mrs. Frankie Collins were guests Tuesday of Mr. and Mrs. F. M. Collier, at Paris.

—Mrs. J. M. Alverson, of Georgetown, arrived Wednesday at the bedside of her father, Mr. J. G. Allen, whose condition is not better.

—Quite a number of the members of Amity Lodge will attend the dedicatory exercises of the new Masonic Temple of Daugherty Lodge of Carlisle.

—The Eastern Kentucky Normal and M. M. I. ball teams crossed bats Monday on the grounds of the former, the score being 15 to 6 in favor of Eastern Kentucky Normal. M. M. I. will play the Mt. Sterling High School next Monday at Mt. Sterling; Cynthia High School, Monday, 14th, at Cynthia.

—The students of the Gradel School will have a flag raising this afternoon on the school grounds. A neat flag has been purchased with an appropriate staff. It will be raised with ceremonies. Every patriotic citizen and lover of liberty should be present, and encourage these young people in their loyalty and patriotism. Let everybody go and fill both yard and building.

—Don't forget Sunday morning is "Go-to-Sunday School Day." Let everybody strain a point to be present at some one of the Sunday schools. The churches are all working in harmony and an effort will be made to bring out the largest number ever present at Sunday school at any one time in Millersburg. Transportation will be given those who have no way to get there, also the "shut-ins" in town. Give your name to any member of the committee, or the pastor of your church. The goal is 1,200—let's reach it or excel it if possible.

—Another one of the old landmarks of Millersburg is to be taken down. The home occupied by the Misses McIntyre, which was recently sold to her brother, Mr. W. D. McIntyre, and the building on the lot, to Mr. W. E. Collier, is now being moved to a lot of Mr. Collier in Judyville. This is one of the old landmarks of Millersburg, which was for many long years occupied by Mr. and Mrs. John Patton. Mr. Patton died in 1874. This landmark is to be replaced by a handsome modern up-to-date residence, with the latest improvements, to be occupied by Mr. W. D. McIntyre and family. The work of construction will begin in the next few weeks.

—The following is the program of the Commencement exercises of the Millersburg College:

Friday, May 18, 8 p. m., Concert by Stringed Instrument Class.

Saturday, May 19, 10:30 a. m., Alumnae Reunion and Address by Mrs. John Shearer, of Covington, Ky. Subject, "Some Notable Women of Kentucky."

Saturday, May 19, 1 p. m., Alumnae Luncheon.

Saturday, May 19, 9 a. m. to 5 p. m., Art Exhibit.

Saturday, May 19, 8 p. m., Operetta, "The Lost Lady's Slipper." Admission 25c.

Sunday, May 20, 10:45 a. m., Baccalaureate Sermon by Rev. G. W. Banks, D. D., pastor First Methodist Church, Winchester, Ky.

Sunday, May 20, 7:30 p. m., Missionary Sermon by Dr. Banks.

Monday, May 21, 8 p. m., Annual Concert.

Tuesday, May 22, 10:00 a. m., Graduation Exercises and Address to the Class of 1917 by Rev. W. E. Ellis, Pastor First Christian Church, Paris, Ky.

All the exercises except those of Sunday will be at the College. The public is cordially invited to attend all the commencement exercises.

The following young women compose the Class of 1917:

Misses Lillian Bagby, Gladys Bowen, Lula Graham, Jennie Morrow Miller, Helen Purdy, Ada Plummer, Lena Remington, Laura Sandridge, Hattie Wood, The Grimes, Jennie Morrow Miller and Virginia Shenkin, Voice, and Miss Aleta Wilson, Expression.

UNKNOWN NEGRO STRUCK BY PASSING TRAIN.

North bound passenger train No. 34, leaving Paris at 5:30 a. m. yesterday struck a negro who had apparently been asleep or drunk, under the overhead bridge at the Peacock pike crossing near Paris.

The negro was not killed outright, but sustained serious injuries about the head and body. He was picked up by the trainmen and sent to the St. Joseph Hospital, in Lexington, where he was given medical attention. His identity could not be learned. No blame is attached to the train crew.

TO BUILD CHURCH.

A subscription paper, soliciting funds with which to build a church in Ruckerville, the colored suburb of Paris, is in circulation. The pastor, Rev. Harry Finch, is asking the assistance of the people of Paris, and hopes they will respond to a good cause. The church which is proposed to be built on the Alice Powell lot in Ruckerville, will be the home of the Colored Free Baptist faith.

DEATHS.

MYERS.

—The funeral of Silas Wall Myers, aged fifty-five, who died of heart disease at three o'clock Wednesday morning, at his home on the Clintonville pike, near Paris, was held at two o'clock yesterday afternoon, with services at the grave, conducted by Rev. W. E. Ellis, of the Christian church.

Mr. Myers was a former resident of Nicholas county, but moved to Bourbon some years ago. He is survived by his widow; two sisters, Mrs. A. D. Ginn, of Carlisle, Mrs. Wm. C. McCracken, of Paris, and one brother, Mr. Wm. Myers, of Paris.

The pall-bearers were: Avery Smart, Wm. Smart, Jesse Bannister, Ora Bannister, Albert McDuffey and John Smith.

GOOD SALE OF BOURBON COLLEGE PROPERTY

There was a good attendance at the sale of the old Bourbon College property, in the College Hill Addition to Paris, held Tuesday afternoon on the premises, by Mr. C. E. Norman, of Lexington, as agent for Mrs. Ruby Arnsperger, administratrix of the late Mr. Clifton Arnsperger.

While the bidding was not spirited, real estate men pronounced the sale a very good one, with satisfactory results. The property was subdivided about three years ago by Mr. Arnsperger, and some of the lots sold, and the sale held Tuesday was for the purpose of settling his estate.

The eighteen lots brought a total of \$3,000, including the college building, which was purchased by Prof. J. M. Scott, for \$3,000. The sale was cried by Auctioneer George D. Speakes, of the real estate firm of Harris & Speakes, of Paris.

Several prizes were given away, the winners being as follows: For the closest guess as to the amount the college building would bring, Mrs. F. E. Faulconer, of Paris, \$10 in gold; for guessing nearest to what the cheapest lot would bring, Mrs. Bishop Hibler, of Paris, \$5 in gold; for guessing nearest to the highest priced lot, Mr. P. J. McCord, of Paris, \$5 in gold. In the drawing for prizes, the awards were made as follows: One hundred pounds of flour to Mr. R. P. Dow, of Paris; twenty-five pounds of sugar each to Miss Carrie Rose and Mrs. Culbertson, both of Paris.

CHRISTIAN TRAINING FOR MILITARY CAMPS

The Moody Bible Institute of Chicago, has lent one of its professors, E. O. Sellers, to the International Y. M. C. A. for evangelistic service in the English Camps. He gave some time last year to the Canadian Camps.

The Institute is desirous of living up to its pseudonym of "The West Point of Christian Service," by being prepared for any demand on its student body for workers in the United States camps in the evangelistic field, or through the channel of the Red Cross or in other ways.

Some of its graduates at the close of the last term were called into Christian work in the army and others are expecting service as chaplains in the navy. The training is entirely free for Christian men and women of any State, nation or denomination when references are satisfactory. Catalogues are sent free on application.

CAMP DANIEL BOONE.

Camp Daniel Boone, at Marble Creek, on the Kentucky River, conducted by the Boys' Work Committee of the Managing Board of the State Young Men's Christian Association, will be opened this year on June 15. The camp will remain in operation until August 15.

Only a limited number can be accommodated at one time, and applicants for admission are requested to send in their names as early as possible. The expenses for a week's stay have been fixed at \$6 for each attendant. Those desiring to attend the camp should notify the Secretary of the local Y. M. C. A., Mr. C. O. Hinton, at the Y. M. C. A. building in this city.

BIG CATTLE SALE.

Mr. Henry S. Caywood, of North Middletown, buyer for Swift & Co., has purchased 127 head of silo fed cattle from Mr. English Anderson, of Sideview, Montgomery county, at \$11.50 per hundred. The cattle averaged 1,300 pounds to the head. They were shipped from Mt. Sterling, Wednesday.

RELIGIOUS.

—Preaching at the Christian church Sunday morning by the pastor, Rev. W. E. Ellis, subject, "The Joys of the Christian Ministry." At the evening service the choir will give a sacred concert under direction of Mr. A. L. Boatright. This will be the fifth anniversary of Rev. Ellis' pastorate, beginning his sixth year Sunday. All members are urged to be present.

STOCK, CROP, ETC.

—Mr. J. Elmer Boardman of the Little Rock vicinity, sold to Mr. Ray Burris, of Little Rock, a bunch of 100-lb. shoats at fourteen cents per pound.

—Mr. James L. Robbins purchased of Mr. B. F. Hopkins, of Little Rock, a 900-pound bull at a fancy price.

—Mr. Lindsay Stewart, of Cane Ridge, sold to Mr. Catesby Woodford, Jr., seventy-five barrels of corn at \$7 per barrel.

MATRIMONIAL.

—A marriage license was issued Tuesday morning from the office of County Clerk Pearce Paton to Miss Pessie Smith, and Mr. Reese Stith, both of this county. Miss Smith is a daughter of Mr. Nathan Smith, of the county.

ANNOUNCEMENT.

THE NEWS is pleased to make the happy announcement this morning of the engagement of two of the most popular young people in Paris, Dr. Charles Garrard Daugherty and Miss Besse Buckner Holladay, whose marriage will take place early in June.

The prospective bride and bridegroom do not admit that their engagement is "the culmination of a romance which began, so-and-so," but its just a plain case of love from the beginning, which was some time ago.

Dr. Daugherty is one of the best known and most popular physicians in Central Kentucky, having been for many years associated with the late Dr. Frank Flithian. He is a son of Mrs. C. A. Daugherty, and a brother of James and Garrard Daugherty, and Miss Anna Daugherty, of Paris, and Mrs. Jesse Hazelrigg, of Winchester.

The bride-elect is a daughter of the late Mr. and Mrs. John B. Holladay, for many years highly-esteemed residents of Paris. She is a sister of Mr. Bruce Holladay and Miss Mayme Holladay, of Paris, with whom she has been associated in business since the founding of their grocery and now-famous candy making establishment in Paris. She is a young woman of most charming personality, one whose friends are numbered by the score.

THE NEWS extends congratulations in advance of the event which will unite these two popular Paris people.

BUCHANAN—WOOD.

—Rev. J. Taylor Sharrard, of Paris, officiated Monday evening at the wedding of Miss Ella Haley Buchanan, daughter of Mr. and Mrs. Frank Buchanan, to Mr. Robert Nutter Wood, of Alabama. The happy event took place at the home of the bride's parents near Hutchison, at eight o'clock. Only the immediate members of the family witnessed the ceremony.

After the ceremony Mr. and Mrs. Wood left for Birmingham, Ala., where they will visit for a time, going from there to Orville, Ala., where Mr. Wood is manager of the West Hallas Stock Farm.

NORRIS—TOOHEY.

—The marriage of Miss Nora Norris, of Chicago, to Mr. James Toohey, of near Paris, was solemnized in Chicago, Wednesday. Mr. and Mrs. Toohey will return to Paris to-morrow to make their future abiding place at the home of the groom, on the Hume and Bedford pike, near this city.

The bride is a niece of Mr. John Brophy, of near this city, and has been a frequent visitor at his home. She has a large circle of friends and admirers here, and is a young woman of many accomplishments.

Mr. Toohey is one of the younger generation of Bourbon county farmers, a son of Mr. and Mrs. John Toohey, and has made his home at the old place on the Hume and Bedford pike, near Paris. He, too, has an extensive acquaintance among the young people of the county, and is well-liked by all.

Mr. and Mrs. Toohey will reside for the present with Mr. and Mrs. John Toohey, and will later on probably go to housekeeping in Paris.

The following announcement cards have been issued:

"Mrs. Elizabeth Norris announces the marriage of her daughter, Nora, to Mr. James Toohey, on Wednesday, May 2, 1917, Chicago, Ill. At home after June 2, Paris, Ky."

APPOINTED GENERAL AGENT

Mr. Frank Cox, of Elizabeth, this county, who has been in the employ of the Frankfort & Cincinnati railroad as assistant agent at Elizabeth, for some time, has been appointed general agent of the F. & C. at Georgetown, to succeed Mr. Alfred Underwood.

Mr. Underwood died very suddenly several days ago in Georgetown. Mr. Wade Lovelace will continue as assistant agent, and Mrs. Effie Weaver Underwood, widow of the former agent, will be clerk.

The new appointee is a son of Mr. and Mrs. Chas. B. Cox, of Elizabeth.

CINCINNATI PAPERS TO RAISE PRICES.

In view of the fact that material used in producing a newspaper has increased from one to 500 per cent. within the past several months, the Cincinnati Post and the Cincinnati Times-Star, which have for many years been Cincinnati's leading daily once-cent newspapers, have announced to their subscribers that the price will be increased to two cents per single copy and ten cents a week, instead of six cents as heretofore.

"GO-TO-SUNDAY-SCHOOL"

NEXT SUNDAY, MAY 6.

Next Sunday, May 6, has been designated as "Go-To-Sunday-School Day," all over Kentucky, when it is hoped that the attendance at all the Sunday Schools will be larger than ever before. It doesn't make a particle of difference what Sunday school you attend, just so you go. You will be given a warm welcome at any one of them. So get on your Sunday school clothes Sunday morning, and go to Sunday school.

MORE OFFICERS.

Mr. Owen Gibson, of the Paris post-office force, and Hon. Reuben R. Hutchcraft, Jr., Representative from Bourbon county, passed a successful examination at Lexington, Wednesday night, for admission to the Officers' Reserve Corps.

H. C. Johnson, of Paris, enlisted in the army service, and was assigned to the field artillery branch of the service. Others from the county who have enlisted in the Officers' Reserve Corps are Mr. William Collins and Mr. Robert Jones, of North Middletown, and Mr. Jas. W. McClure, of Paris.

PROGRAM OF NORTH MIDDLETOWN CHAUTAUQUA

The following is the program of the Chautauqua which will be held at North Middletown this summer, under the auspices of the North Middletown Commercial Club, and conducted by representatives of the Community Welfare League of Indianapolis, Ind.: Dr. Edward Eccleston, representing Luther Burbank, will tell in a graphic way of the wonderful achievements of the plant wizard. Dr. Eccleston's lectures are illustrated with more than one hundred beautifully colored lantern slides.

Lenzo's Royal Italian Band, direct from New York. One of the really big attractions on the program.

Nanah Rense, reader and impersonator, a fine Kentucky girl, who accompanies the Lenzo Band. She has achieved fame on the Chautauqua platform.

John Kilham, "Good Friend of the Indians," who will lecture on unfamiliar phases of Indian life with impersonations of famous Indian chieftains.

Charles Daugherty and Company, in musical program, including his famous whistling solos, and instrumental selections.

The Hazel Kraft Company, in vocal solos and duets; costume songs; dramatic readings; impersonations; piano monologues, etc.

PROF. GRAHAM EDGAR LEAVES VIRGINIA FOR CALIFORNIA

News was received in Paris, Wednesday that Prof. Graham Edgar, formerly of Paris, associate professor of the University of Virginia, has resigned his position, to accept a position of professor of analytical chemistry at the Throop Institute of Technology, at Pasadena, California.

Prof. Edgar is a graduate of the University of Virginia, and is said to be one of the most learned of the younger faculty members of the Virginia College. He is a brother of Mrs. J. T. Vansant, of Paris, and a son of the late Col. Edgar, formerly of Paris. He married Miss Isabella Marshall, of Lexington, some time ago.

AUTO BURNS.

While making a professional call near Bedford, on the L. & N. in this county, Dr. Bruce Anderson's machine caught fire in a shed in some unaccountable manner and was ruined by the flames. The fire damaged the shed. The machine was insured in the Thomas, Woodford & Bryan agency for \$400.

SEVENTH DISTRICT PROHIBITION CONVENTION

The Seventh District W. C. T. U. Convention will be held at Little Rock, in this county, on May 10 and 11. An interesting program has been prepared and a large representation of delegates is expected to attend. The meetings will be held in the Little Rock Christian church.
